**CRCHC to Launch Mobile Clinic Center in Spring/Summer 2021 to  
Vaccinate Patterson Farm Migrant Workers**

Cabarrus Rowan Community Health Centers, Inc. (CRCHC) is excited to provide COVID-19 vaccinations to Patterson Farm migrant workers. To date, the organization has vaccinated 80 migrant workers. CRCHC's mission is to positively impact the health of its local communities, one patient at a time. "We will serve our communities and be their medical home away from home" said Don Holloman, CEO.

"We are excited to go out into the community and do our part to help stop the spread of COVID" said Lydia Adams, CMO.

Cabarrus Rowan Community Health Centers, Inc. is a community-based nonprofit organization founded in 2003 and dedicated to positively impacting the health of the community. CRCHC serves more than 10,000 clients annually by providing quality primary care and behavioral health services, without regard for a patient's ability to pay, and serves as a community resource for eliminating health disparities.
